Special Issue – Ecosystem Management

Vol. 40 Nos. 1–3 **31 March 1998**

The emergence of ecosystem management as a tool for meeting people's needs and sustaining ecosystems
R.C. Szaro, W.T. Sexton (Washington, DC, USA) and C.R. Malone (Carson City, NV, USA) 1
Ecosystem management: what is it really?
P.F. Brussard, J.M. Reed and C.R. Tracy (Reno, NV, USA) 9
Seven pillars of ecosystem management
R.T. Lackey (Corvallis, OR, USA) 21
Lessons from experience with ecosystem-based management
D.S. Slocombe (Waterloo, ON, Canada) 31
Ecosystem management and conservation biology
R.L. Knight (Fort Collins, CO, USA) 41
Prospects for sustainability of biodiversity based on conservation biology and US Forest Service approaches to ecosystem management
D.W. Crumpacker (Boulder, CO, USA) 47
Healthy ecosystems and sustainable economies: the federal interagency ecosystem management initiative
S.M. Stein (Washington, DC, USA) and D. Gelburd (Beltsville, MD, USA) 73
An adaptive approach to planning and decision-making
G. Lessard (Washington, DC, USA) 81
The ecosystem approach: science and information management issues, gaps and needs
R.C. Szaro (Washington, DC, USA), J. Berc (Annapolis, MD, USA), S. Cameron, S. Cordle (Washington, DC, USA), M. Crosby (Silver Spring, MD, USA), L. Martin (Alexandria, VA, USA), D. Norton, R. O'Malley and G. Ruark (Washington, DC, USA) . . 89
Ecosystem management: expanding the resource management 'tool kit'
W.T. Sexton (Washington, DC, USA) 103
Evolution of USDA Forest Service organizational culture and adaptation issues in embracing an ecosystem management paradigm
J.J. Kennedy (Logan, UT, USA) and T.M. Quigley (La Grande, OR, USA) 113
Relationships between ecological research and environmental management
A.J. Underwood (Sydney, NSW, Australia) 123
The role of fish, wildlife and plant research in ecosystem management
S.C. Loeb (Clemson, SC, USA), M.R. Lennartz and R.C. Szaro (Washington, DC, USA) 131
What risk management teaches us about ecosystem management
K.S. Shrader-Frechette (Tampa, FL, USA) 141
A role for economic analysis in the ecosystem management debate
J.E. Wagner, V.A. Luzadis and D.W. Floyd (Syracuse, NY, USA) 151
Institutions matter: the need to address the institutional challenges of ecosystem management
H.J. Cortner, M.G. Wallace, S. Burke and M.A. Moote (Tucson, AZ, USA) 159
Implementing ecosystem management: using multiple boundaries for organizing information
W.T. Sexton and R.C. Szaro (Washington, DC, USA) 167
Implementing ecosystem management: a framework for remotely sensed information at multiple scales
W.T. Sexton, C.W. Dull and R.C. Szaro (Washington, DC, USA) 173
Evaluation and ecosystem management: new directions needed?
B.G. Norton (Atlanta, GA, USA) 185
Why a policy of federal management and protection of ecosystems is a bad idea
A.K. Fitzsimmons (Woodbridge, VA, USA) 195

An ecosystem-based approach to managing America's resources: a view from the U.S. Capitol Hill
W.A. Morrissey (Washington, DC, USA) 203
Science, expertise and the public: the politics of ecosystem management in the Greater Yellowstone ecosystem
J. Freemuth (Boise, ID, USA) and R. McGreggor Cawley (Laramie, WY, USA) 211
Ecosystem management and environmental policy in the United States: open window or closed door?
R. Haeuber (Washington, DC, USA) 221

Vol. 40 No. 4 **1 May 1998**

Urban soil characteristics and limitations for landscape planting in Hong Kong
C.Y. Jim (Hong Kong, China) 235
Biophysical processes and bioregional planning: The Niagara Escarpment of southern Ontario, Canada
M.R. Moss (Guelph, ON, Canada) and R.J. Milne (Waterloo, ON, Canada) 251
An expert habitat suitability model for the disaggregation of bird survey data. Bird counts in the Netherlands downscaled from atlas block to kilometre cell
W.L.M. Tamis and M. Van 't Zelfde (Leiden, Netherlands) 269
Data-driven simulation, dimensional accuracy and realism in a landscape visualization tool
S.D. Bergen, R.J. McGaughey and J.L. Fridley (Seattle, WA, USA) 283
Residential management of urban front-yard landscape: A random process?
J. Zmyslony and D. Gagnon (Montréal, Que., Canada) 295

Book reviews

Design for Outdoor Recreation 309
The American Landscape 310
Architecture of Fear 311
Landscapes for Learning 314
Holding Our Ground 317
Ecological Design 320
The Compact City 323
Lost Landscapes and Failed Economics 325
Living in Sweden 326
